

WHY GUN CONTROL IS NOT CHRISTIAN

1. It is a response to symptoms rather than the cause.
2. It is an effort to control externally a problem that is caused internally.
3. It removes any power the people have to control a government that seeks to dominate the people rather than be a minister for their good.
4. It is a secular response to a spiritual problem.
5. It promises short-term gain while promoting long-term loss.
6. It is based upon an unbiblical view of human nature, presuming that the heart of men and their governments are fundamentally good rather than desperately wicked.
7. It shifts moral responsibility from men as moral agents to objects that have no moral capacity.
8. It contradicts biblical history, since the logical extension of removing the means of self-defense from men and families is to deny communities and nations the right of self-defense.
